While Scrutinizing the pension papers of pensioned officers found that irregular grants of leave were sanctioned to teachers Contrary to the provisions of the Mysore Service Regulations, so much so that Government have had to notice the same on several occasions. Inspecting Officers are therefore requested to note that they will be held personally responsible, should such irregularities occur in future

Further the following supplementary information required for filling up the pension application, which is usually not obtained after service Correspondence should invariably be supplied in the first instance

(1) The present address of the retired Master

(2) Marks for each selection not less than four in number

(3) The place where the matter deserves to be shown

Again, in certifying to the entries in the 'Service & Leave Statement' it is not sufficient to merely say 'Verified' or 'Verified with the available records' The particular records with which they were verified should be mentioned

Lastly the delay in the Submission of the pension papers beyond the period prescribed therefor in the Service Regulations should always be satisfactorily accounted for
